

## OSPREY 2 ARTICLES

The following are available for your pleasure - let everyone know you are an Osprey builder! Especially if you're coming to Oshkosh - order a t-shirt now and then wear it! It's a great feeling to be able to introduce yourself to a fellow builder or someone you recognize as a builder because you see that Osprey 2 identification.

T-SHIRTS are \$6.50ea/+\$1.00 for postage and handling. Colors are Orange, Yellow, and Blue. Sizes available are X-tra large (44-46), Large (40-42), Medium (36-38) and Small (32-34). Be sure to indicate size and color when ordering.

BUTTONS are available in two styles as shown. Color is black on a gold background. Cost of buttons is \$1ea/+50¢ postage and handling.

BELT BUCKLES are of the highest quality brass with a nice Osprey 2 design. They are of a size suitable for men, women and older children. Cost is \$12.50ea/+\$2.50 for postage and handling.

A note about the t-shirts: They are 50% cotton, 50% polyester so do not shrink. Washing instructions are warm or cold water and if you turn them inside out when washing you do not run the risk of loosening up the decal after repeated washings.

## OSPREY IS USED AS SOLAR COOKER!

"Dear Lynn & Ken,

Osprey II can be used as a solar cooker! I recently started a fire in my Osprey by having the canopy raised and pointed in the direction of the afternoon sun. The canopy acted as a concave mirror which concentrated the sun's rays onto my vinyl seat cover and started a fire. Shifting the nose slightly stopped the heat and fire.

I have resolved to never leave my Osprey parked with the canopy raised!"
